water crystals photographed by
following the technique developed by M. Emoto

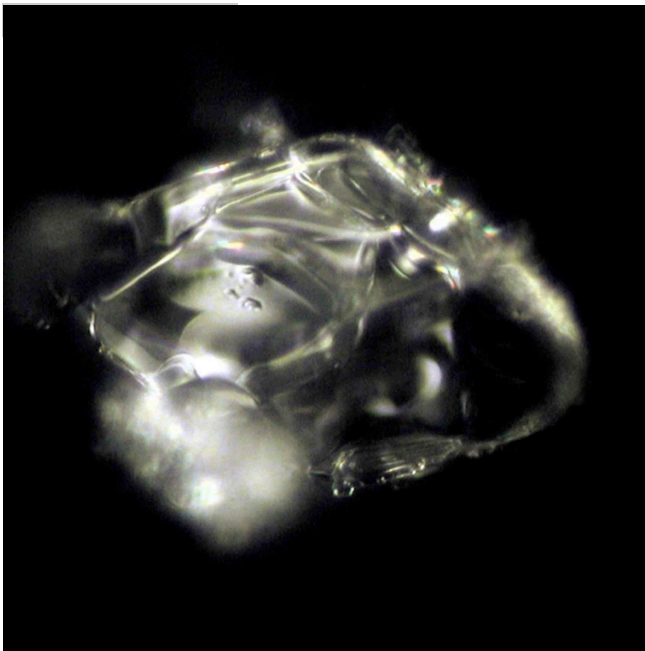

Drinking water from the Thun area before and after
the filtering with the

Premium NFP EM-X 5 Filter

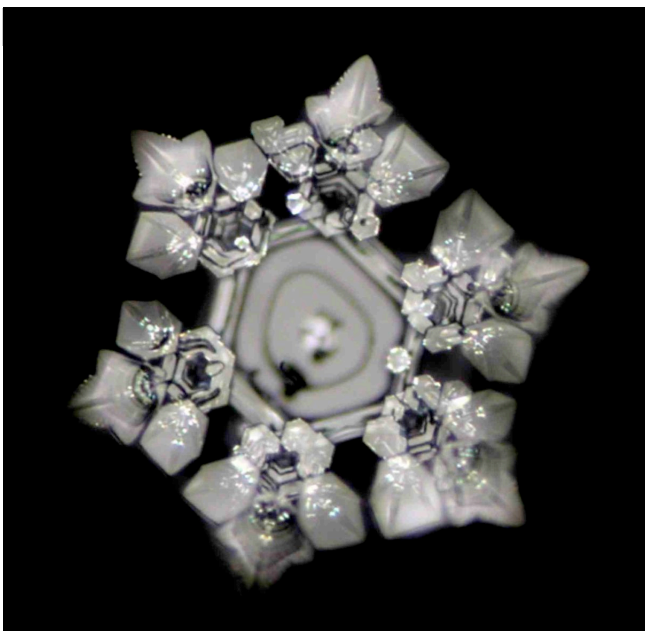

photographed
on top of
frozen
water drops

Drops of drinking water from the Thun area have been frozen and photographed digitally under the microscope. Afterwards the drinking water have been filtrated with the Premium NFP EM-X 5 Filter. Drops of this filtrated drinking water have again been frozen and photographed digitally under the microscope.

Water crystals of drinking water from the Thun area before the filtering with the Premium NFP EM-X 5 Filter.

Water crystal of drinking water from the Thun area after the filtering with the Premium NFP EM-X 5 Filter.
